**Justification as to why the RPT is in the interest of the Company and/or its subsidiary(ies):**

**Note 1: Purchase & Sale of Goods and Availing of various Services**

(relevant for agenda Item nos. 1 & 6)

**- Purchase of Coal**

APL and MEL are in the business of generating power for which good quality and timely availability of coal are essential. To ensure un-interrupted operations and power supply to its customers, APL and MEL propose to procure imported / domestic coal from AEL, as AEL is one of the largest traders of coal in India, in normal course. The purchase cost will be based on prevailing market price and commercial terms as on the date of entering into the contract(s).

**- Purchase of Power**

Due to non-availability of any of the plant for generation of the electricity on some occasions during the year, APL and MEL may procure power from alternative sources to fulfil its obligation under the power purchase agreements (PPAs). In the absence of a trading license, APL and MEL may purchase power through AEL, which holds a trading license in line with the CERC norms.

**- Sale of Power**

In order to sell power in the merchant market through Energy Exchanges, APL and MEL are required to sell power via trading licensee as per CERC norms. Hence, APL and MEL propose to sale power to AEL which holds a power trading license. Further, APL may sell power under existing bilateral agreements with AEL.

**- Sale of Fly Ash**

Ministry of Environment, Forest & Climate Change (MoEF&CC) has mandated that thermal power plants are required to utilize / dispose 100% of fly ash generated by them. MoEF&CC has prescribed procedure for its enforcement of this mandatory requirement. Any violation of such norms may attract imposition of Environmental Compensation / penalty on unutilized fly ash. To ensure adherence to the statutory requirements, APL and MEL propose to sell the fly ash to AEL, as AEL possess relevant experience in managing overall supply chain and faster logistics to achieve maximum utilization of fly ash. The sale price will be based on the prevailing market price and commercial terms, as on the date of entering into the contract(s).

#### **- Availing of various Services**

APL and MEL shall continue to get the benefit of various support services from AEL like Information Technology, Central Treasury services, Manpower Support services etc. The amount to be charged to APL and MEL will be on a cost-to-cost basis allocated on reasonable parameters. Further, with a view to comply with the norms of transportation of coal from mine at Suliyari under Singrauli district administration and to ensure smooth transportation of coal, APL and MEL propose to avail various support services from AEL which is having experience to handle large quantum of coal in the region. This will ensure operational efficiency through availability of uninterrupted coal supply to APL and its subsidiary.

#### **Note 2: Purchase of Shares and Securities**

(relevant for agenda Item no. 6)

##### **Acquisition by way of Amalgamation**

MEL, as part of its discussions, has been given to understand that AEL is desirous of divesting its investment in SMRPL holding mining rights in Dhirauli coal block ('Dhirauli'). As Dhirauli coal block is located in close proximity to MEL's power plant in Singrauli, MEL is ideally positioned to acquire Dhirauli coal block and use extracted coal for generation of power at its thermal power plant at Mahan. This will allow MEL to improve the availability of coal and provide it with an alternative source of supply to supplement its existing coal sourcing contracts resulting in optimization of overall coal cost and lead time. In view of the above, MEL proposes to amalgamate SMRPL from AEL for which MEL will pay consideration to AEL. The Dhirauli coal mining block has a capacity to produce 6.5 MTPA of coal. This mine has been awarded to SMRPL on January 11, 2021, under a commercial coal mining license. Pursuant to an application for proposed amalgamation of SMRPL with MEL, Ministry of Coal (MoC) has issued a letter dt. May 08, 2024, to SMRPL consenting amalgamation of SMRPL with MEL. Post proposed amalgamation, a Mining Lease Deed by MEL with the Nominated Authority is expected to be executed.

Above referred transactions with AEL in note 1 & 2 have already been approved vide resolution item no. 9 and 13 in AGM dated 25<sup>th</sup> June 2024 amounting Rs. 10,293 crore in case of APL and for Rs. 2,220 crore in the case of MEL. On account of revision in the estimated amount of transactions to be undertaken with AEL during FY 2024-25 due to increase in volume and higher rate, an additional approval of Rs. 3,800 in case of APL and Rs. 2,800 Cr in case of MEL is being sought for.

#### **Note 3: Sale of Power**

(relevant for agenda Item no. 3)

APL Raipur thermal power plant having capacity of 1370MW, has been exploring opportunities to get long term PPA.

MUL invited long term tenders for supply of power for 15 years, wherein was the L1 bidder.

Accordingly, APL has been awarded the contract for supply of power from Raipur Thermal Power Plant. The said arrangement is also beneficial from APL perspective as there is unified capacity available at Raipur thermal power plant. APL and MUL have entered into a power purchase agreement for 15 years, subject to approval of PPA by GERC. Currently, the proposed non-binding PPA is under approval by GERC. The PPA is for supply of up to 800 MW.

In addition, the Company has already entered into three PPAs totaling to 410MW with the MUL based on competitive bidding process for which tariff was approved by appropriate regulatory commission for APL's Mundra and Udupi plants.

#### **Note 4: Purchase and Sale of Power**

(relevant for agenda Item no. 4)

At present the power generated through untied units at various power plants of APL ("untied units") is being sold in merchant market through AEL for trading in IEX, as AEL is holder of power trading license.

AEL has announced that its board has approved the sale / transfer of its power trading business which will be completed after the receipt of regulatory approvals. APL has been informed by AESL that it proposes to enter into power trading business through its wholly owned subsidiary PTSL. The Central

Electricity Regulatory Commission ("CERC") vide its order dated 3<sup>rd</sup> October 2024 has approved the transfer of trading licence in the name of PTSL. Accordingly, it is proposed that APL will sell power from untied units in the merchant market through PTSL in IEX.

In order to ensure uninterrupted supply of power in the merchant market, APL proposes to undertake power trading through PTSL on similar commercial terms as APL has with AEL.

**- Sale of Power:**

Consequent to above-mentioned transfer of trading license, APL proposes sale power through PTSL in merchant on Energy Exchanges at market discovered price. PTSL will only get a marginal trading margin in line with the existing arrangement with AEL, which is in line with the existing arrangement with AEL, which is within the range, as provided / approved under CERC regulation.

**- Purchase of Power:**

Due to non-availability of any of the plant on some occasions during the year, APL proposes to procure power from alternative sources to fulfil its obligation under PPAs and in absence of trading license, APL may be required to purchase power through PTSL, as they have requisite trading license. PTSL will arrange power at a market discovered price and add the marginal same trading margin in line with the existing arrangement with AEL, which is within the range as provided / approved under CERC regulation.
